DETAILED ACTION

Response to Arguments

1. Applicant's arguments filed on December 19, 2005 has been fully considered and are persuasive. The rejection of claims 1-3,5-20, and 22-31 has been withdrawn. The applicant's amendments to claims 10-12,27-29, and 31 has necessitated a new grounds of rejection.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claims 10-12,27-29, and 31 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claims contain subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. The applicant's amendment including the limitation of "preventing transmission of viruses dynamically during a synchronization between the data processing system and a device" is not supported in the applicant's specification.

Allowable Subject Matter

4. Claims 1-3,5-9,13-20,22-26, and 30 are allowed.

5. Claims 10-12,27-29, and 31 would be allowable if rewritten or amended to overcome the rejection under 35 U.S.C. 112, 1st paragraph, set forth in this Office action.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
